

Welcome and thank you for choosing our office for your dental needs. Our goal is to make your dental visit as comfortable and relaxed as possible, while efficiently attending to all of your dental health needs. We believe in the importance of preventative dentistry and will work with you to enhance your overall oral health.

During your initial visit with us, we will provide you with a comprehensive cleaning and exam, in addition to any x-rays necessary to provide you with a proper diagnosis. While you are here we will discuss your dental goals and expectations, and welcome any questions that you may have.

Except for emergency cases, you may expect that we will be on time for your appointment, and appreciate the same courtesy. Should it be necessary for you to reschedule we expect a full 24 hour notice (full business day), so that this reserved time can be given to another patient. Please see the attached cancellation policy for details.
